Dear Ms. Ambrose:

It was a pleasure speaking with you on the phone. I look forward to working on the project which seems to be both exciting and promising. I have already performed a computer search and found about 100 patients diagnosed with positive visual phenomena from the database from Doheny Eye Institute. I intend to start the project today and complete it by late May 2009. However we will send a program report by May 1st, 2009.

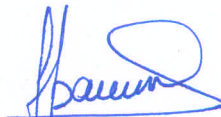

Thank you for sponsoring the study. Please make checks payable to Adriana Savoia and mail them to the address below.

Please find attached Dr. Savoia's C.V.

Sincerely,

Alfredo A. Sadun, M.D., Ph.D.
